Nuts NEWS

Nuts is 400!

To celebrate, Rosie baked us a cake, topless!

➔ **LONG SERVICE** was traditionally recognised with a short, respectful speech by a moustachioed boss and the gift of a pocket watch. Good times. But when we realised (we're not going to lie to you, literally by accident) that we were about to chalk up the milestone of 400 issues... Well, our boss' speeches are weird (he stands on desks and shouts) and pocket watches are for whoopsie-doodles.

So instead, we went for the much more sensible approach of asking that nice Rosie Jones to bake us a cake. And she was more than happy to oblige, while also adding the extra special ingredients of love and boobs. Ah, love and boobs, truly the ingredients of a cake of champions.

Hi Rosie! What's been your favourite Nuts shoot so far?

This one – anything where I get to eat cake and throw it all over myself is a really good day's work! Other than that, anything with the other girls – India, Stacey, Holly or Emma. Hopefully, we can do a shoot together.

What's the best thing about being in Nuts?

Getting free lunch! No, seriously, this is the best job

in the world. I get to meet amazing people, get dressed up and have a laugh – then I get to see it in the mag!

Have there been many surprise changes in your life since you started with Nuts?

In my local newsagent, I get asked for ID every time I buy the mag – even when I'm on the cover! I think they just want me to get my card out to prove it's me.

What do you remember about your first shoot?

I was extremely nervous about getting my boobs out!

Are you a good cook?

I'm getting better. I used to live off toast and Pot Noodles. I can now make a lasagne and a stir fry. I'm practically a chef!

What did you last burn?

My toast earlier! I haven't had un-burnt toast for ages – that needs to improve.

Do you have a 400th issue message for Nuts readers?

Thanks for all your support and letting me appear in your mag! I'm grateful for all the love. Also, follow me on Twitter @rosieofthejones for extra nudey updates!

LOOKING TASTY!

Happy 400th issue wishes!

Look who else has been reading our magazine!

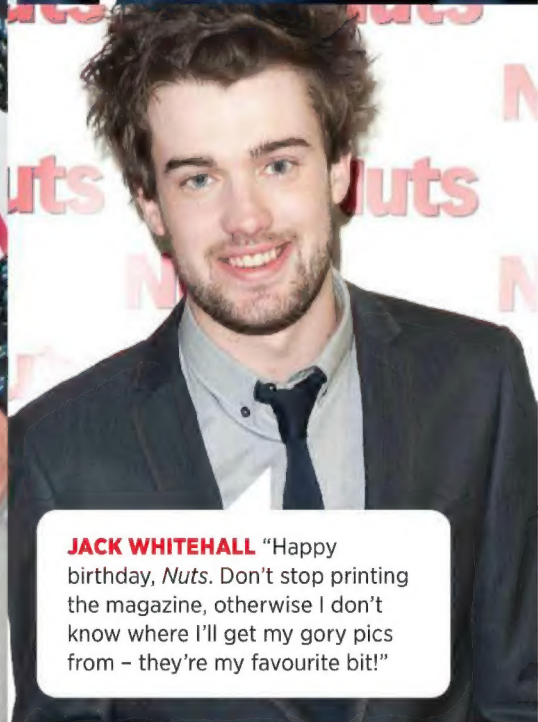

➔ IT SEEMS that you lot aren't the only ones who've been reading *Nuts* for the past 400 issues – the rich and famous are avid fans, too! Everyone from comics to rappers, models to sporting legends were lining up to congratulate us on our milestone. We'll raise a glass to that!

KEITH LEMON “Without *Nuts*, tissue companies would probably go bust. Happy 400th issue, *Nuts*. You're the nuts!”

ROSS KEMP “Happy 400th issue, *Nuts*! Thanks for keeping spirits up at home and on the front line. Keep up the good work!”

JACK WHITEHALL “Happy birthday, *Nuts*. Don't stop printing the magazine, otherwise I don't know where I'll get my gory pics from – they're my favourite bit!”

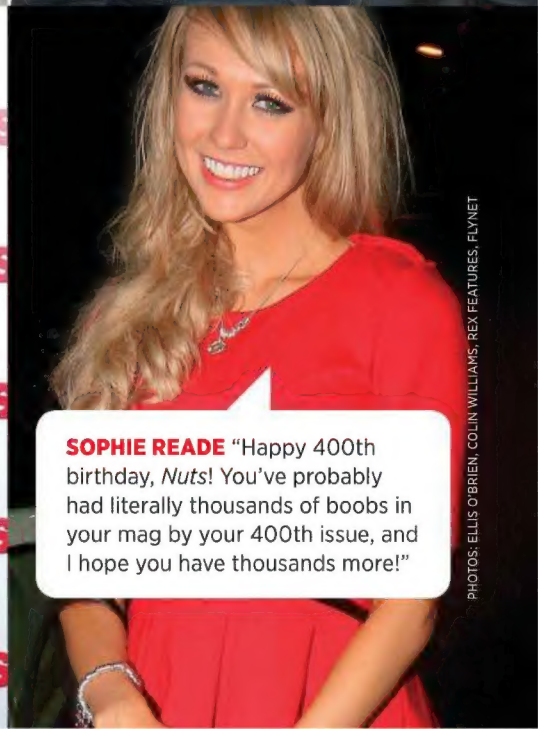

MIKE BISPING

“Congratulations on your 400th edition! In 2008, your readers named me Fighter of the Year. Thanks for the support, guys, and here's to the next 400 issues!”

GARY NEVILLE “Happy 400th, *Nuts*. Best wishes to you all, and here's to the next 400 issues!”

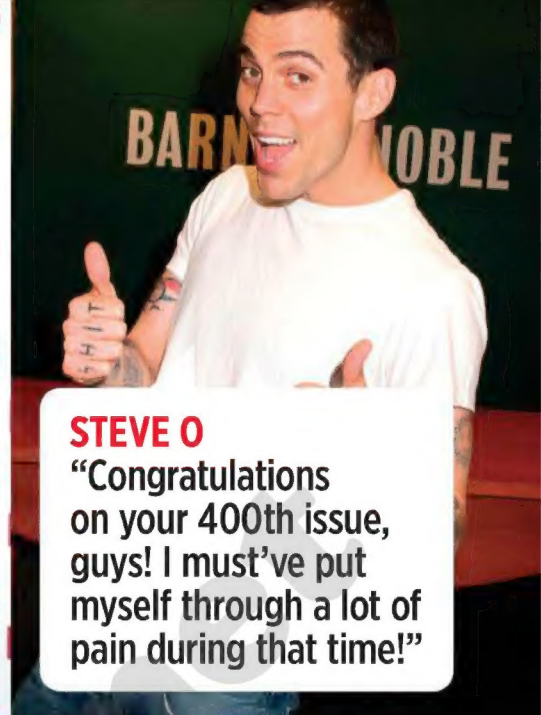

SOPHIE READE “Happy 400th birthday, *Nuts*! You've probably had literally thousands of boobs in your mag by your 400th issue, and I hope you have thousands more!”

TYSON FURY "Keep knocking the issues out, *Nuts*. You're a top bunch of lads – we had a right laugh in Marbella! Thanks for the support and God bless you!"

INDIA REYNOLDS "I'm so happy that *Nuts* has done 400 issues – especially as it's the magazine that I did my first ever photo shoot for! I've had such a blast and made some awesome friends. I'd like to say an extra thanks to all the readers for letting me get my boobs out!"

STEVE O "Congratulations on your 400th issue, guys! I must've put myself through a lot of pain during that time!"

LUCY PINDER "Dearest *Nuts*, congratulations on reaching your 400th issue of general awesomeness! Unfortunately, I didn't buy you a prezzie, so I'll just have to promise to keep baring my bosoms for the next 400 issues!"

TINCHY STRYDER "Four hundred issues? You really are the nuts!"

PROFESSOR GREEN "Congratulations, *Nuts*! Here's to another 400 issues of brilliant banter and bodacious boobs!"

SETH ROGEN "Congratulations! We don't have girls this sexy in the US, and *Don't Look!* is scary! Just try not to intersperse your disgusting images with your sexy ones, because someone's gonna come looking at something gross by accident. You could accidentally turn someone into a serial killer with this odd mix of sexual and disgusting!"

LEE NELSON "Happy birthday, you *Nuts* legends! That's 400 issues of qwaliteeeee!"

A quick word with Alan Sugar!

And his jolly *Apprentice* sidekicks!

Hi *Apprentice* judges! Gary Barlow got into trouble for making a 16-year-old cry on *The X Factor*. Can you really have *Young Apprentice* without it ending in tears?

Karren Brady: Don't forget, Nick and I are out with them on tasks. They're very together, very articulate, aren't they, Nick?

Nick Hewer: They love it! They have so much fun.

Lord Sugar: As Nick says, they love it. They don't get upset. They know it's an elimination process. If they do get a bit emotional, we let them calm down, then we move on.

The prize is £25,000. How do you know the winning candidate isn't going to spend it on a massive party?

Lord Sugar: They don't get it in a lump sum. That's out of the question. They come along and tell me why they need it and I drip-feed them the money.

What are young people doing starting their own businesses anyway? Aren't they all supposed to be out rioting?

Lord Sugar: If you watch the series, you'll answer

your own question. It's frightening how good some of them are. Young people have got a really bad image at the moment. I think we do a good job of showing the other side. There are some really great young people around.

The £25,000 prize wouldn't even be enough to pay university fees. Why should young people bother going to university or get jobs when they can lounge around on the dole?

Lord Sugar: In the early 2000s, people wanted to start up here [raises hand to head level]. They wanted to be a dotcom, they wanted to go to a venture capitalist. They said, "I want a bank to give me money 'cos I've got an idea." That's all gone. You have to start down here. You've got to say, "If I want to earn £30,000 a year, I'm going to have to earn £600 a week. So on Monday, I'm going to have to go out and earn over £100." We need to get away from the culture of going to university, taking a gap year, getting a job at some consultancy then going on the dole. Not everyone needs to go to university. They can get out and start working straight away. There's too much of an expectancy culture.

That sounds like a lot of hard work. Wouldn't it be easier to enter *The X Factor* instead?

Lord Sugar: That's a completely different programme. *The X Factor* is a talent show.

Karren: *Young Apprentice* isn't a quick fix. But it shows if you have energy, a bit of spark and determination, anyone can succeed in business.

When candidates are fired, the first thing they often say is, "Lord Sugar will be sorry."

Do you take this personally?

Lord Sugar: That's the first thing they always say, isn't it? I'll be sorry. I'm the sorriest man in England now!

So, we've had *Young Apprentice*. What's next? *Old Age Pensioner Apprentice*?

Nick: What are you saying? I might be approaching Alzheimer's, but haven't quite passed that threshold!

Lord Sugar: The thing is, there's something known as too much Sugar on the BBC. How many more series can we have? *Young Apprentice* runs for eight episodes and *The Apprentice* runs for 12 episodes a series. That's 20 episodes. If we had another version, that would just be obscure.

What tasks would you set on *OAP Apprentice*? Knitting? Whist drives? Baking cakes?

Lord Sugar: Maybe incontinence pants and Zimmer Frames!

Thanks for the chat, everyone. Finally, how about doing an *Animal Apprentice*?

Lord Sugar: Ha! Yeah, well, the normal *Apprentice* is sometimes like that already!

All-new electric DeLorean!

Back To The Future car makes a comeback!

- The original DeLorean was designed by an Italian, masterminded by an American and made in Northern Ireland from brushed stainless steel, with a French V6 engine and doors that were too heavy to stay open!
- Production began in 1981 and ended in 1982 with bankruptcy, due to: a) owner John DeLorean getting busted for drug trafficking, and b) a huge recession in the US.
- The concept for the car was sound – a fibreglass body with stainless-steel panels that couldn't rust. But it was a heavy car powered by a wheezy Renault 2.8. Worse still, nobody could afford one.
- However, as soon as Michael J Fox leapt into a DeLorean in classic 1985 movie *Back To The Future*, the car was destined for legendary status.
- Fast-forward to today and the DeLorean Motor Company (DMC) is alive and well, and based just outside Houston, Texas. That's because in 1995, entrepreneur Stephen Wynne acquired the trademark and bought up all the unused parts from Ireland to set up the company once again.
- The company specialises in "remanufacturing" survivors from the 9,000 cars originally produced. Today, there are thought to be around 6,500 DMC-12s (that's its proper model name) still in existence.
- This new version is called the DMCEV. Intended to go on sale in 2013, it's an original DeLorean that's been stripped down and rebuilt with 80 per cent original parts and 20 per cent modern updates. And it's electric-powered!
- The mid-engined Swedish/French 150bhp V6 has gone, and in its place lives a 260bhp (equivalent) electric motor that's not only greener but quicker, too, with 0-60mph expected to come in at 4.9 seconds. Top speed should be around 125mph.
- The price for this mean, green machine is yet to be announced, but it won't be cheap. Gary Neville is thought to be interested!

THE WAY they talk about it, you'd think the folk from *The Only Way Is Essex* would have some kind of funny turn if they dared to cross the Essex border. "Spock's gay? So what!"

ZACHARY QUINTO, who played Spock in *Star Trek*, has caused consternation by coming out as gay. What's the big deal? One in ten men is gay, so you can be sure the figure's a lot higher among actors. Will knowing who these guys f**k make us not want to see their movies? "What next? Gay footballers?" I dream of the day when everyone's cool about that and Cristiano Ronaldo celebrates scoring by bumming one of his team-mates. Of course, Cristiano's not gay, I'm just using him as an example.

"My favourite sh*thole!"

I HEAR that Blackpool is no longer being marketed at foreign travellers – it's seen purely as a location for domestic holidaymakers because the British themselves are ashamed of it. Well, it is a sh*thole. It's a fun place to go but still a complete sh*thole. Sure, the rides at the Pleasure Beach are good... but it's still a sh*thole. And sure, it's easy to pick up drunk women... Actually, you know what? Now that I come to think about it, Blackpool is f**king awesome. It's like a member of your family who you avoid in public but love in private, like a dodgy uncle who tells you the same dirty jokes over and over again but who's never allowed to babysit.

enough c**ts are dying. We need a plague or a war where only the elderly are allowed to fight. Basically, everyone should just live life to the full, f**k up their body and not be a burden. But if you do take drugs, make sure you kill yourself and don't come out the other end alive. Have you seen the Stone Roses recently?

"Someone didn't read the dress code, eh?"

"Tourists leave funny taste"

A GERMAN bloke who sailed to a remote Pacific island is believed to have been eaten by cannibals. What I like about this is that whenever you hear about people being banged up in the Far East, kidnapped by the Taliban or eaten alive, the news always tells you that these f**kin' idiots were on a "big adventure". Well, guess what? You f**kin' got one! I've never met a cannibal because I don't fly to locations in the middle of f**kin' nowhere and pester the locals. You know where you don't get eaten by f**kin' cannibals? Blackpool.

"Happy 400th, Nuts!"

CONGRATULATIONS TO *Nuts* on their 400th edition. Before I wrote for these f**kers, I was always a fan. I always enjoyed picking *Nuts* up when I was on the road and reading about girls I couldn't f**k and cars I couldn't afford. I estimate there's been an average of seven sets of t**ts in every issue – times that by 400 and that's 2,800 sets of t**ts [er, the actual figure's on page 90, mate – Ed]. If that doesn't deserve a big f**k-off cake, nothing does! Later, f**kers!

➔ OF COURSE this was a publicity stunt, but this big guy/little guy basketball match in Macao, China, did make us chuckle. RUSSELL HOWARD

Vs the Nuts Question Bucket!

Sell:

The West Country comedian on Henry VIII, sharks and setting fire to his mum!

Copy:

Can you make up a swear word?

"F**k knuckle".

It's a different level of stupidity. The upper echelon of thick.

Who would you save first from a burning house – your missus or your mum?

[Thinks] This is impossible because, either way, you're going to get grief. I'm going to say my girlfriend, but only because my mum doesn't buy Nuts. Who am I kidding? She loves it!

When was the last time you thought you smelt funny?

I've got this new air freshener. Whenever you walk past, it goes, "Pssst" and pumps out a nice fragrance. It's terrible for the confidence however it's like it's going, "You smelly f**ker!"

Would you prefer to have ten thumbs for fingers or no toes?

No toes. No-brainer!

If you had to be stuck on a desert island with one other person, who would you choose?

My burnt mum. No! My girlfriend.

When was the last time you gave money to a homeless person?

Yesterday, to the guy who sells *The Big Issue* outside Leamington Tesco. He's a regular. But he's not my go-to homeless guy!

Who would play you in a Hollywood version of your life story?

I quite like the idea of my grandad playing me. So even when I'm at school, I'd still be played by an 80-year-old man. It would be like a rubbish version of [weird Brad Pitt movie] *Benjamin Button*.

Are you weird?

Surely, everyone's a little bit weird, aren't they? Everyone's got their small peccadilloes.

If you were sitting on a beach and you looked up to see a shark running across the water on its fins, what would you do?

This is a question where there's no reality, so I'd probably turn into a lion and run away. I'd sh*t myself, that's the truth. You're supposed to punch a shark on the nose when it attacks you, aren't you?

If you could go back in time to any period in history, where would you head for?

I'd probably go and hang around with King Henry VIII. It would be a bit like a medieval version of *Entourage*. He was the original pimp.

When was the last time you fainted?

I fainted during a school assembly, during a fire-safety drill, because I'd been stood up for ages. But everyone thought I was really worried about chip-pan fires, so I got absolutely rinsed for it.

Could you beat a kangaroo in a fight?

I saw some kangaroos in Ross Noble's garden in Australia. They're f**king

massive up close. When they fight, they suck in their testicles so you can't kick them in the balls. You can punch a shark on the nose but you can't kick a kangaroo in the nuts. Not unless you catch it off guard, anyway.

What single thing have you done in your life that your mother would be most ashamed of?

Phone sex lines when I was a kid. No, I wasn't manning them! "Howard's schoolboy service." I was ringing them up on the family phone. Everyone still takes the p'ss out of me for doing that.

Finally, if you were six years old again, what would you spend your pocket money on?

Same again. Sweets and football stickers.

'I survived 26 ambushes in one week!'

SAM CHILDERS, a hillbilly biker from Pennsylvania, has led what most would consider an unorthodox life. He embraced – then rejected – a life of drugs and crime, went on a holy mission to war-torn Sudan in east Africa to build an orphanage and ended up staying to fight as a vigilante with the People's Liberation Army. *Nuts meets the Machine Gun Preacher...*

Hi Sam. Why did you travel to east Africa in the first place?

I first went to southern Sudan in 1998 to help with the relief effort. When I saw the remains of someone who'd stepped on a land mine, it really messed me up. I vowed to do anything I could to help these people. I went from supporting the teams that pull the land mines out, to running a mobile clinic and building an orphanage.

How did you become involved with the People's Liberation Army (PLA) in southern Sudan?

Civilians and children were caught in the crossfire of a civil war and the PLA were trying to protect them so I joined their fight.

How bad was the situation when you arrived?

The first thing I saw was the aftermath of a truck ambush in northern Uganda, near the Sudan border. The Lord's Resistance Army (LRA) had fired on the truck and executed the passengers.

Tell us about the LRA.

They're financed by Omar al-Bashir, President of Sudan.

The south were seeking independence [South Sudan became an independent state in July this year], but because the oil's there, Bashir wanted to stop them, so he backed the LRA to counter the Ugandan government's backing of the PLA. LRA leader Joseph Kony's basically a government-backed terrorist.

Just how ruthless are the LRA?

They're responsible for acts of genocide across east Africa. I've seen people who've been skinned alive. Kony's pure evil. If I meet him, there's gonna be a fight, and I'm gonna win!

How did you defend yourself?

During rescue missions, I normally carry a couple of pistols – like a .44 Magnum – and an AK-47.

How brutal were the battles?

Most of the time, as soon as these cowards realised they were up against soldiers equipped to fight back, they'd run. The LRA were brave if people didn't retaliate, but we used rocket launchers to defend ourselves. We once faced 26 ambushes in a week!

You were in a biker gang in the criminal underworld. How did that help in Sudan?

I've been in many gunfights back in the US. I've been stabbed, beaten and involved in bar fights that turned into shoot-outs. I'd go to parties where different biker gangs would arrive and it'd go off with everyone pulling out weapons and usually when people panic, they get killed. If something serious goes down, you don't have time to think about it. When you're under gunfire you've gotta keep your objective in mind and mine was to protect innocent people.

Ever had any military training?

Nothing official. I'm a hillbilly from Pennsylvania and started hunting in the woods when I was seven years old. My dad was a Marine, so I learned to shoot before I could ride a bike. I'm right-handed but I was shooting a pistol with both hands by the time I was 13.

Is there hope for change?

We haven't had any LRA killings in the past two years but if you go to the Blue Nile [an ethnically diverse state of Sudan where a constitution is difficult to enforce], it's a different picture. In the Congo, they've abducted over 1,000 people and killed over 200 this year alone. South Sudan has gained its independence and has the oil wealth to build a new infrastructure but even so, al-Bashir is hell-bent on causing problems in the region. True peace is a long way off.

How close have you come to death?

I should've died in ambushes hundreds of times. I've had bullets hit my vehicle and go through my window. I lost a Jeep a few years ago – Kony's men shot at it with an RPG. The driver lost control and rolled it over an embankment.

Is it true there was a bounty on your head?

When the LRA were fighting us every day, that was a rumour confirmed when kids arrived at my orphanage and told a reporter Kony put a bounty on my head.

What makes you want to stay there and fight?

I'm starting to get old now! I'm 50 soon and preparing to go into Somalia, but I still don't ever think about the risk and I'm not planning on quitting any time soon!

Finally, how would you like to be remembered?

Well, I'm still a preacher you know. People ask me why I carry a firearm. I always carry a gun for one reason: self-defence. And I don't believe God wants wimps. If you have an opportunity to rescue a child, no matter what the cost, you need to make the sacrifice. I don't think I'm a violent person. I'm just willing to do whatever it takes to get the job done.

Sam still preaches today

Sam carries various firearms for protection

Although nearly 50, Childers has no plans to retire

The "Machine Gun Preacher" is dedicated to the PLA cause

Sam Childers – the facts

- Sam did stints in prison for drug offences and violent crime but changed his ways when he found God.
- Sam describes himself as a one-percenter – "a real biker". He left school at 16, used drug money to buy his first Harley and rode with gangs: the Outlaws, Hell's Angels and the Pagans.
- In east Africa, Sam drives with an AK-47 across his knees and the barrel pointed at the driver-side so he can shoot one-handed while driving.

50 best moments of Nuts!

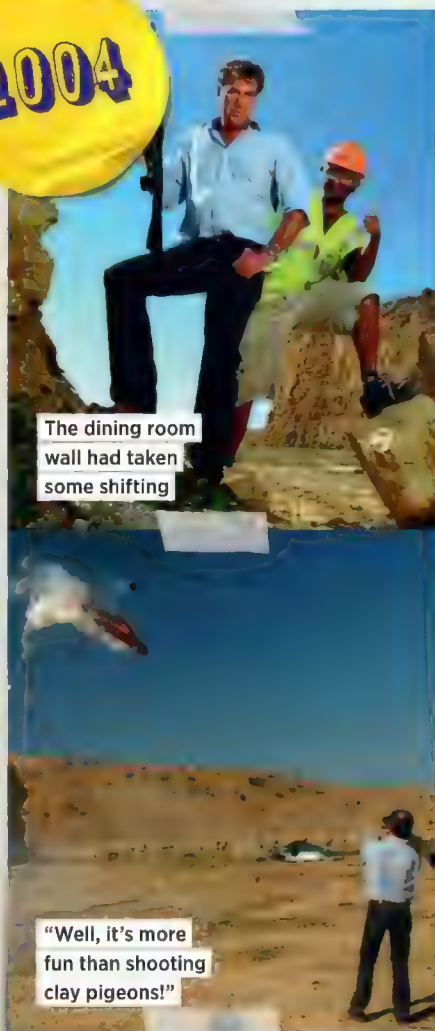

The best of 400 issues worth of boobs and buffoonery!

THEY SAID it could never be done! That the Great British gent had no appetite for a weekly periodical stuffed with action, boobs and daftness. Well, unbelievably, that was 400 issues ago, and since then we've published thousands of boobs (see page 90 for the exact number!), created possibly the stupidest journalism in history and made berks of ourselves all over the world. Why? Because to this day, it's our firm belief that action, boobs and daftness are exactly what makes a great men's magazine! And here are the highlights...

**“*Nuts* really

LET'S GET right to the point. Boobs are brilliant. There's only one thing slightly better than boobs themselves and that's big, bouncy, beautiful boobs. So in one of our moments of creative genius, we thought we'd get some of our larger-chested ladies together for a shoot. We hope you enjoy the fruits of our labour. We think you will!

Lucy Pinder

Hi Lucy! How does it feel to be fronting our 400th issue?

Hello! I feel very privileged to be asked to shoot this issue – this is a real milestone for *Nuts*, and it came as a surprise to me as it doesn't seem like two minutes ago that we first started. It's an honour!

What's been your fave thing about *Nuts* over the years?

On a personal level, I always have fun when I'm shooting and we really do have the best and nicest – not to mention sexiest – girls. The shoot days are definitely the best part.

What's been your all-time favourite shoot?

I really loved the shoot with the red vest and Converse I did a while ago, and I always love the winter wonderland shoots at Christmas. They get me very excited and in a festive mood!

And how are you enjoying this boobtastic shoot?

It's been very booby, hasn't it? It was nice catching up with all these lovely girls. It's boob heaven! We should have to do a shot every time we say the word "boob" in this interview. We'd be hammered! Ha-ha!

Thanks, Lucy. Finally, do you have a message for our loyal and lovely readers?

Thanks for buying the magazine! I hope you've enjoyed the first 400 as much as I have and are looking forward to the next 400! ▶

Lacey

Hey Lacey! Would you care to wish us a happy birthday?

Yes, I would – happy birthday to you all, and to all the beautiful girls in the magazine!

Has any girl in particular blown you away over the years?

I'm a big fan of Rosie Jones. She's got amazing boobs!

Have you had a favourite shoot?

Actually, I really enjoyed the "Best of Britain" one because we got to play in a mini.

How about today's boobs?

Emma Glover has blown my mind away. She has the most

amazing body and has some amazing boobs. I'm enjoying looking at them!

Can you describe your own boobs in three words?

Big, pretty, equal. Blokes tend not to have many words for boobs that aren't really rude.

What boob-handling advice would you offer to our readers?

Handle with care and don't be rough. They're very sensitive.

Thanks, Lacey! Finally, when did one of your boobs accidentally pop out?

The other day at the shops. I bent over to get my purse out of my bag, I looked down and my boob was hanging out! ►

LUCY AND PALS

**“Emma

amazing!”**

Emma F

Hello Emma, and welcome to this special 400th issue of *Nuts*!

I feel very honoured to be part of the 400th issue. I love *Nuts* and I'm very proud to be working for the magazine yet again – especially on such an awesomely booby issue!

Why do you think people love *Nuts* so much?

I think it's because *Nuts* is a refreshing, funny magazine that takes people away from their daily stresses. And it's full of gorgeous girls!

Have you had a favourite shoot?

It has to be the football shoot that we did at Millwall football stadium. I'm a massive footy fan, so I loved being able to see inside the changing rooms.

Is there anything you'd like to say to our awesome readers?

Keep buying *Nuts* so we can have an 800th party with even more glorious boobs!

Whose boobs have you been enjoying most today?

I like to have a grope of Emma Glover's. She has the most amazing boobs I've ever seen!

Does it ever get weird seeing everyone walking around with their boobs out?

You quickly get used to it and everyone's so lovely, and we're all such good friends, that now it's more normal to be naked than it is to be wearing clothes!

Where's the most unusual place you've popped out for a shoot?

When I shot my calendar on a beach in Majorca and it was the Spanish bank holiday, so it was packed. Everyone on the beach was staring at me!

Thanks, Emma! Finally, What do you look for in a bloke?

A good personality and someone who's up for a laugh – someone who doesn't take himself too seriously. But the first thing that attracts me to a guy is his eyes. ►

**“It’s feels more
normal to be
naked than to
wear clothes!”**

**“My boobs
once fell out
in a company
meeting!”**

Emma G

Hi Emma! Can you believe it's the 400th issue of *Nuts*?

I can't, but I can see why people still love it. *Nuts* appreciates boobs in all shapes and sizes. By catering for everyone, you guys offer a "one-stop boob shop"!

Have you had a favourite shoot?

I loved the World Cup shoot I did with India and Rosie. We had to spray champagne all over each other's naked bodies and then streak across a pitch.

What about our readers? Have you got a message for them?

Thanks for having me in your magazine! I'm very proud. I promise you lots more boob shenanigans if you keep me around for another 400 issues.

How are you enjoying today?

I'm enjoying it very much. We're sat around the kitchen table with our boobs out eating cupcakes. We're tempted to start a naked food fight!

What's your opinion on food in the bedroom?

I think it's a pretty good idea. Eating's pretty much my favourite thing to do, so if you can combine eating with sex, everyone's a winner.

What's the most impressive thing about boobs?

I could tell you something impressive about my boobs – I can hold two pens under each!

What's your advice for handling boobs for us blokes?

It's difficult because you don't want to be rough, but you don't want to be too gentle either. Just be brave and grab them!

Thanks, Emma! When was the last time your boobs fell out?

It was when I worked in an office and the front of my dress had come open while I was in a meeting. It was for an insurance meeting and we won the business, so everyone put it down to my boobs! **X**

Just the things guaranteed to rile him, basically.

Our favorite panel show turns up the camp factor with guest panellist Louie Spence. So, camper than a bunch of trannies at a Glee karaoke night, but also very funny.

Saturday 29 October

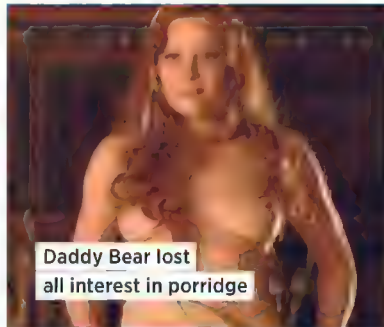

Chelsea vs Arsenal

SKY SPORTS 2/HD • Noon

Because of the shifting power structure of the Premier League, it seems like there's a clash of title hopefuls every week. Arsenal may be struggling at the moment, but that's all the more reason why they'll want to stuff their west London rivals.

★★★★★

Boardwalk Empire

SKY ATLANTIC/HD • 9pm

A packed episode sees Nucky's lawyer figure out how to get his client off the hook, Chalky's community turn their backs on him, and Jimmy's hot mum settle an old score. Plus, Agent Van Alden might not be quite as on top of things as he thinks.

That plan got binned (boo!) but any excuse for a late night watching loons kicking the bejesus out of each other Stateside's fine by us. Americans Nick Diaz and BJ Penn take centre stage doing just that, while Cheick Kongo vs Matt Mitrione is on the undercard.

Shipwrecked: The Island

CHANNEL 4/HD • 12.50pm

After dumping *Big Brother*, maybe Channel 4 felt they needed more guilty pleasure reality TV. So welcome back, *Shipwrecked*! Ten contestants make a South Pacific island their home, which means we get to watch girls in their bikinis building huts and stuff. Sweet.

He steals the show in the opening episode, which is funny, rude, and full of twists!

★★★★★

Alan Carr: Chatty Man

CHANNEL 4/HD • 10pm

Wossy, watch and learn how to be a funny host and let guests chat at the same time! Alan's guests are slightly rubbish though. He's got Nicole Scherzinger, Simon Pegg and Nick Frost who are alright, but also former *X Factor* winner Matt Cardle. Why?

Arsenal vs Marseille

SKY SPORTS 2/HD • 7pm

NEW SERIES!

Tool Academy

E4/HD • 10pm

We've got mixed feelings about this as it takes the mick out of us blokes. A group of fellas think they're competing for the title of "King of Men". They get to have back rubs from sexy masseurs and suck lemons from hot tequila girls. However, what they don't know is their girlfriends are watching. It is funny though!

Frozen Planet

BBC1/HD • 9pm

More opportunities to gasp at the infinite majesty of nature at its most savage. Spring has come to the polar regions, but that doesn't exactly mean the daffodils are in bloom. It does mean the penguins are wanting to get jiggy with each other in the Antarctic, while the polar bears are out hunting in the Arctic.

Alone In The Wild

DISCOVERY CHANNEL • 9pm

The premise of this show is to send celebrities into harsh terrain and let them fend for themselves. Tonight, Donal MacIntyre and former SAS soldier Chris Ryan try to survive during the heaviest rains in memory in Guyana's rainforest. One gripe: as they start their first day together, they're not exactly alone, are they?

The Big Bang Theory

E4/HD • 8pm

Nuts reader bags £229,776 on Nuts Games!

Deal or No Deal win of almost quarter-of-a-million quid!

➔ **AS IF** you needed any more reasons to buy your favourite magazine, reader Ash Adams shows that on Nuts Games you could well be the next big winner!

Bank worker Ash, from Hampshire, bought a copy of Nuts from a hospital shop while visiting his missus. "That's where I saw the ad for the Deal or No Deal slot game. Within 45 minutes of playing, I'd got into one of the three bonus games five times! By the end, I was down to my last two boxes. I clicked 'No Deal' on the banker's offer and won the lot!"

Hi Ash! Well done on bagging the jackpot! What's it like having all that cash?

Words can't really describe it. It's crazy! I don't think I'll properly believe it until I buy myself something really big with it, like a house or a new car!

Is this the first time you've won anything like this?

Yeah! The most I've ever won before was £200. I'd been signed up to Nuts Games for less than an hour, though, so you can imagine how I felt when it said I'd won!

We bet! Would you say you're a lucky bloke in general?

I do enjoy online games and have had some luck, but I wouldn't consider myself lucky. But all my mates said that if it was going to go to anyone it was going to be me.

So your mates expect you to get the drinks in from now on?

Yeah! A lot of my mates are in Ibiza at the moment. When they're back, I'll book a few VIP boxes at one of our local clubs and have a big old night.

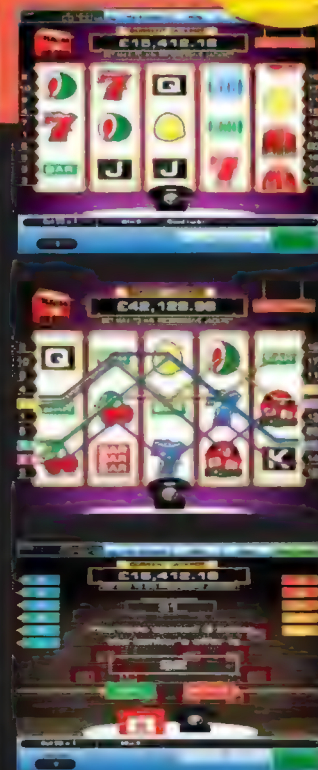

You mentioned buying something massive with the money. Are you tempted to blow it all on a big spree?

I've had a mini spending spree already. I said to my girlfriend we'd take £1,000 each and spend it on anything we want, so we've done that. I bought a new car for her and I'll sort myself out with a new one soon, plus I plan to get a house!

The new Lambo Aventador starts at £202,000... Tempted?

Ha-ha! Yeah, a Lambo would be nice, but I've got my sights set on plenty of other stuff, too. Plus I'm going to carry on playing. Since I won the jackpot in June, I've had loads of smaller wins on the other slot games too, so it's definitely worth paying up!

A host of top tips to help you play Deal or No Deal!

➔ **YOU MAY** think Deal or No Deal is a game for those who believe in "systems". Well, the TV show might be, but the multi-line slot isn't!

You can win big from the comfort of your own home for as little as 5p, and if you play on all lines, you could win a progressive jackpot. One recent Nuts Games winner bagged himself £229,776!

How to play

- The aim is to get winning symbol combinations from each spin of the reels, with the ultimate target being the progressive jackpot.
- You can select up to 20p on each of the 20 pay lines. That gives you up to 20 chances to win on each play!
- The progressive jackpot can only be won on the Deal or No Deal bonus game, but there are also two other fun bonus games called Banker's Offer and Mystery Box Bonus, where you can win some extra cash.

GET UP TO £200 FREE PLAY!*

The number lines

It's all self-explanatory – click the number beside the reels, or the "Bet One" or "Bet Max" button. Choose Bet Max for the chance to play the bonus game and win the biggest jackpots!

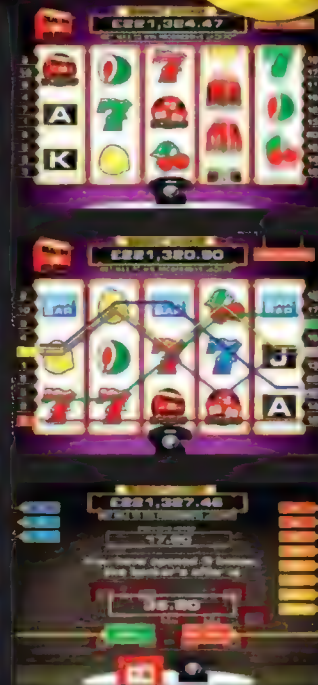

Bonus game

If you bet on all 20 pay lines and you get three Deal or No Deal bonus symbols on any pay line, the bonus game begins – this plays like the TV show, with the big progressive jackpot at stake. Don't be too greedy or, like us, you could end up with £8 instead of £100!

CONFESSION OF THE WEEK!

'We filmed our passion'

ON A recent holiday in Turkey, my boyfriend and I decided to head back to our room to cool off. There, I decided to make a quick film of our room. While doing so, my boyfriend pulled me onto the bed and started sucking my neck. I was instantly turned on, and after placing the camera on a table, I started kissing his chest. I took him in my mouth until he was groaning and when he pulled me on top of him, I guided him inside me. I screamed as I climaxed, and he followed moments after. Now we have a film we can watch on repeat!

Laura via email

'He caressed my breasts'

I STILL meet up with my ex for sex once in a while and one day, he called to tell me he was on his way over, so I quickly changed into my hottest underwear.

When the doorbell rang soon after, I rushed to answer it, thinking it was him. To my horror, it was actually my new neighbour who'd I'd been flirting with for weeks. I grabbed a coat and tried to wrap it around me, as he stood there with a big grin on his face. He stepped in, opened

my coat for another look and moved in to kiss me. I didn't resist and knew I wanted him there and then. He started caressing my breasts and soon he was on his knees giving me oral. I knew it was wrong as my other man was due to arrive any minute, so I had to make him leave, but it turned out my ex had texted to cancel anyway. So I raced back over the road to my neighbour's to finish what we'd started!

Heather via email

'We made love in our car'

I HADN'T seen my boyfriend for a week and we were both gagging for it. Unfortunately, we both had houses full of people, so we had to go for a drive to get some time alone together. He pulled over in a deserted car park and within moments, I had his erection in my mouth, twirling my moist tongue around the head. He was breathing heavily and I knew he was almost done, so I took off my jeans and let him take me. Our naughtiness had steamed up the car windows so we opened them to let some air in – and that's when we noticed a car load of ladies had pulled up next to us and were in fits of giggles! My boyfriend just gave them a wink and drove off. I'm not sure if they were laughing at catching us or at my man's tiger-print pants!

Hazel Bromley

'A walk got naughty'

RECENTLY, I went online and met a nice guy. After weeks of chatting we agreed to meet in a pub between our two towns. He had one eye on the football while I was talking so I unzipped my jacket to reveal a very low-cut pink vest, and the TV screen was soon forgotten. Over the next few hours, we got closer and closer, so when I asked him if he wanted to go to the park for a walk, he agreed. We sat under a tree and he put my hand on his bulge, so I rubbed him through his trousers. As we were well hidden, I pulled his trousers down a little and took him in my mouth. He enjoyed it so much that soon he ejaculated over my chin. Only then did we realise the park wasn't as empty as we'd first thought!

10 RUDE QUESTIONS!

Georgie

22 Nottingham

1 Where's the strangest place you've had sex?

"In an Ann Summers changing room in Leeds! We got busted and I got a ban from the store. Serves them right for having those pecky holes for your man to see your sexy outfit through!"

2 What's your trademark naughty move in the bedroom?

"Me on top with some classic steady, rhythmic thrusting!"

3 What really turns you on in bed?

"When a guy really wants me. Him being turned on really turns me on!"

4 What's your favourite position?

"Me on top. I like the idea of being in control, and I love the fact that I can see everything, too. Bonus!"

5 Is it better to give or receive?

"In complete contradiction to my last answer, I actually believe receiving is much better. I love it when a guy really makes the effort to please me in bed. It shows his dedication and that he really wants me."

6 What one rude thing would you really like to try but haven't yet?

"I'd love to have sex in a public place, like on the dancefloor in a club! The thought of loads of people around me but not knowing what we were doing would turn me on loads!"

7 Ever got it on with another girl?

"Yes, I've kissed a girl. And, as Katy Perry would say, I liked it. In fact, I loved it!"

8 What's your naughty role-playing costume of choice?

"I love the whole black, lacy bra with sexy stockings and a suspender belt look. That's so naughty and kinky! I also love my white and pink bra and white, lacy skirt combo."

9 Have you ever made a sex tape?

"Yes – who hasn't? These smartphones are amazing! You just have to be careful someone doesn't find it and send it to your friends!"

10 What's the rudest thing you've done?

"I'm afraid it's too X-rated to say! I once put a condom on my head and blew it up. I'm very funny!"

"I'd love to have sex on the dancefloor in a club!"

Lampard: 'We'll prove the doubters wrong!'

The Blues' midfield general on Andre Villas-Boas, the title-race and being over the hill!

➔ **Hi Frank! People aren't talking about Chelsea and a title challenge for a change. How does that feel?**

It's no big deal. Man United are always up there and now we see Man City making big strides. But we feel good about ourselves. We're in the process of building something different and I think it'll bring its rewards sooner rather than later.

How's it working with new boss Andre Villas-Boas?

We're enjoying every minute with him. It always takes time for a new man to communicate his ideas but I think the last few games have shown we're putting it all together. His style's about passing and movement and that's something I love. I believe we're adapting well to him and can make a mark this season.

What kind of mark do you want to make?

We want the Premier League title back, and the Champions League remains an ambition. We have some unfinished business in that competition.

Any issues with Villas-Boas being a similar age to the senior players at Stamford Bridge?

Not at all. We knew Andre from his time at the club previously [as part of Jose Mourinho's support team]. He then did fantastic things at Porto, which shows what kind of man and coach he is.

Even you? He's left you on the bench for a few games.

I'm the sort of footballer who needs to be playing regularly to get some momentum and then continue it through to the end of the season, but I'll do whatever's best for the team.

With you being left on the bench, there's talk that you may be winding down your career.

I don't see it that way. Throughout my career there have been periods where I've been written off. Whether it be at West Ham, joining Chelsea or stepping up to England. The only way I've got through it is by focusing on playing football.

Critics target 30-plus players - have a bad game and you're suddenly over the hill.

I don't let it bother me. I feel as fit and as sharp as ever. I'm confident I can play a part in

most games. However, the decision lies with the manager and I respect that.

But have you been disappointed by being seen as just a part of the squad?

The key is to just get on with it. I'm passionate about what I do and I'm a terrible loser, but I'm also realistic.

So how do you change that?

Hard work. You have to possess strength of character to get through the bad bits, but if you know you've given everything, and also if your team-mates and manager see it too, better things come to you.

Can Chelsea win the title?

We can, but we're up against some top sides. We've just told ourselves that we have to stay in touch. If people want to write us off, great. We have a nasty habit of proving people wrong!

"Dang! Forgot to put my teeth in!"

Walcott: 'The team need to play for Arsene!'

Theo on Arsenal's start and future success!

Hi Theo! How can Arsenal get their season on track?

It sounds stupid, but simply by winning football matches. The club has had a bit of a black cloud over it for a while and results haven't been right but we're still a good side. It's just that we've lacked confidence. With results, we'll get that confidence back and we'll be off and running.

Does it seem strange to hear Arsene Wenger's future being called into question?

Anyone who has spent any time here knows how special the manager is. He's done so much for this club and should be appreciated for it a bit more. The harsh reality is that the players didn't do it for him at the start of the season. That's a responsibility we all share.

Talking of responsibility, you've found your voice recently - talking about Fabio Capello in your autobiography and expressing a desire to play in a central role for Arsenal.

As you get older, you tend to have more confidence to express yourself. It's not being arrogant or disrespectful, it's just having an opinion and hopefully finding the right way to communicate it. I have

massive respect for both Fabio Capello and Arsene Wenger. What they say goes, as far as I'm concerned.

You're still only 22, but how has this maturity changed you as a player?

It's all been about getting in better shape. I'm a lot stronger than I was. I was carrying injuries where defenders knew if they went in hard I'd be damaged and put out of action. Frankly, my body was letting me down. Thankfully, now I can take a lot more and also give it out if needs be!

You've already achieved a lot in your fledgling career. How do you keep the fire of ambition burning?

I haven't got anywhere near what I want to achieve. I haven't won anything and that's something I really want to change. It's great to earn good money and play for a great club but at the end of your career you'll judge yourself on what you've won. So far I've won zero! Before you know it your career's over so I want to start winning trophies quickly. Hopefully Arsenal will help me do this sooner rather than later.

"Rubbish tie? Check!"

Foreign owners are bonkers! -OFFS 2011

Their plan to scrap relegation would kill football

➔ I SEE that several foreign-owned Premier League clubs want to scrap relegation. I have to say their plan sounds like a load of old tosh! If it were allowed to happen, it would be the end for football. The Premier League is the promised land for most teams and if you remove the chance of getting there, as

well as the chance of leaving it, where's the competition?

More often than not, the most entertaining part of the season is the relegation scrap. It provides so much excitement and tension, and gives us all something to watch when the title race is sewn up. Add to that the drama of the Championship play-offs and the £90million final at Wembley, and it

would be completely bonkers to get rid of it!

Ultimately, I think some of the foreign owners want the league to become a closed shop so that they're guaranteed the huge amounts of TV money every season and don't have to worry about missing out by going down. As usual, it all comes down to cash. It can never be allowed to happen!

Newcastle are playing the right Toon!

NEWCASTLE HAVE been a revelation so far this season. At the time of writing, they're unbeaten and playing great football. I spoke to Alan Pardew after the Spurs game and he was delighted with the way his team are playing. However, he isn't getting too carried away – and with games against Stoke, Man City, Man United and Chelsea coming up, I can see why!

In a way, they remind me of Everton, losing their best players and not having much money, but somehow making it work. Pard's made some shrewd signings, especially from the French league, and it's paying off. Unbelievable!

● Send jokes, comments, pics etc to kammy@ipcmedia.com. The best one each week wins a signed *Nuts* T-shirt!

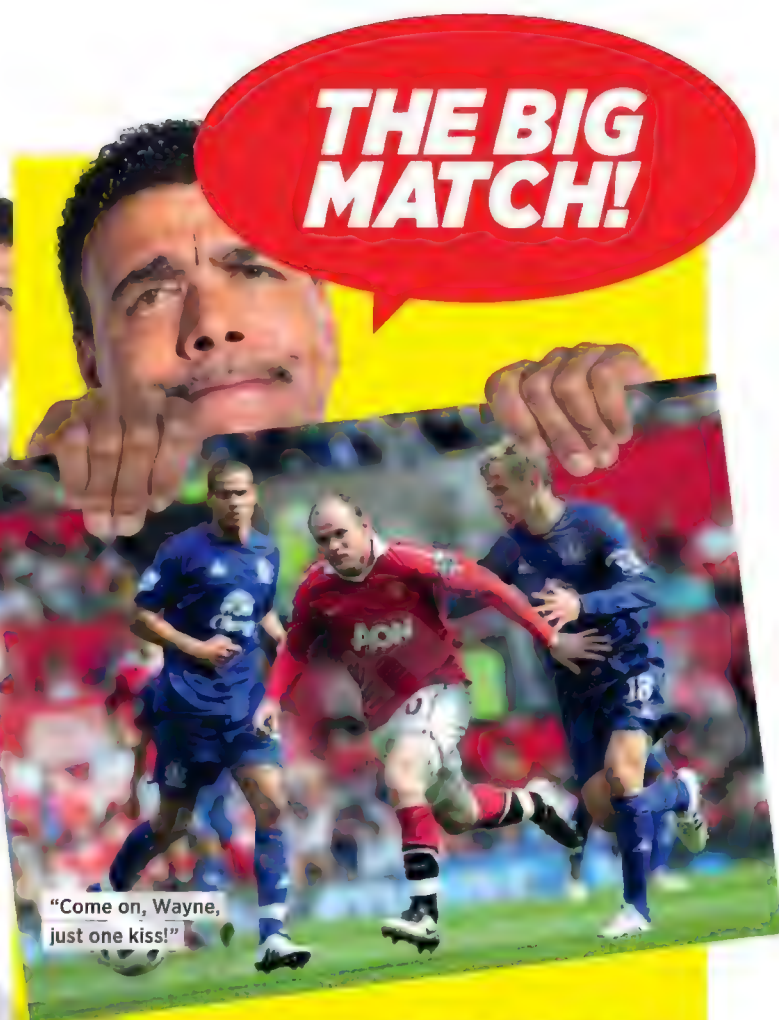

Levante are top of the class!

LITTLE LEVANTE are joint top of La Liga! They're unbeaten after seven games and taking on the likes of Barcelona and Real Madrid at their own game. And they're doing it all on a budget that wouldn't even pay Cristiano Ronaldo's wages for half a season. The club's doctor has put it down to beer and pizza! I have to say, it never did me any harm – although I probably had a few more beers than was strictly necessary!

"For the last time, Dave, your ghost impression just isn't scary!"

Everton vs Man United

29 OCTOBER, NOON

Goodison Park is never an easy place to visit but I just can't see David Moyes' men getting anything against United. The attacking power and pace of Fergie's team will overwhelm Everton's defence and I can't see this being anything but a victory for the Red Devils.

KAMMY'S PREDICTION: 0-2

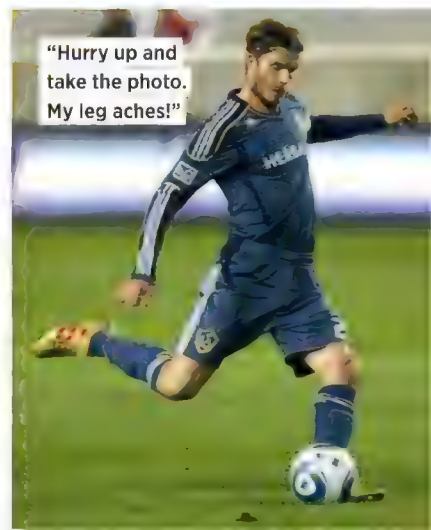

Key man

Wayne Rooney will be desperate to do well against his old club. He missed out against Liverpool and will be a big threat to the Toffees.

Becks on his way to Paris!

I SEE that David Beckham has all but signed for Paris St-Germain. With their new rich owner, they can certainly afford him. I'd have liked to see Becks come back to the Premier League, though. He owes England a lot and I hope he isn't just chasing the cash.

There have been 10,075 pictures of **boobs** printed in *Nuts* over the last 400 issues. So here's the 10,076th!

A five-item create-your-own **full English breakfast** in the *Nuts* office canteen costs £2.99. Bargain!

The first feature in our first-ever issue was a story about a **skier crashing** at 60mph.

Sam Heuston from *Big Brother* series six, and Mark Ronson's younger sister, Henrietta, have both done work experience in the *Nuts* office.

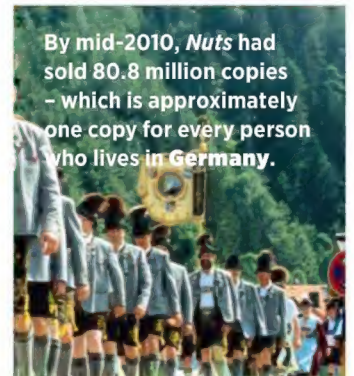

The first five *Nuts* cover stars were **Nell McAndrew, Kelly Brook, Holly Valance, Jordan and Beyoncé.**

One out of every two men's mags purchased in the UK is a copy of *Nuts*.

During our visit to Iraq at Christmas 2006 to support the troops, **Lindsey Strutt** was allowed to briefly pilot a Hercules C-130.

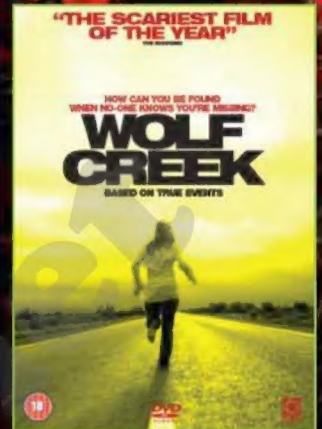

By mid-2010, *Nuts* had sold 80.8 million copies – which is approximately one copy for every person who lives in **Germany**.

Pub Ammo is the only section of the magazine that's survived since the very first issue and kept the same name, too.
